

# The Evolution of Aging

## Contents

1. Introduction .....	5
Why do we age? .....	5
What is Aging.....	6
Human Mortality .....	6
Aging and Disease .....	8
Aging variations in Animals .....	9
2. The Evolution Of Aging Theories .....	10
The Theory of Natural Selection .....	11
Variation and Incremental Steps .....	11
Miscellaneous Objections .....	14
Darwin's Dilemma.....	15
3. Historic Theories of Aging.....	15
Weismann's Theory of Programmed Death.....	16
Accumulation of Damage Theories .....	16
4. Traditional Theories of Aging .....	17
Medawar's Mutation Accumulation Theory .....	18
Williams' Antagonistic Pleiotropy Theory.....	21
Disposable Soma Theory .....	23
5. Discoveries Affecting Aging Theory.....	23
Senescence of Salmon.....	23
Elephant Teeth.....	24
Fruit Fly Inheritance .....	24
Bamboo .....	24
Non-Aging Species .....	25
Genetics.....	25
Aging Genes .....	30
Progeria and Werner's Syndrome.....	31
Caloric Restriction.....	31
Sex and Aging .....	32
6. New Adaptive Theories of Aging.....	33
Completeness of Natural Selection Theory.....	34
Effects of Aging.....	35
Species Semantics.....	35
Group Selection .....	36
Programmed Cell Death.....	37
Evolvability .....	39
Death Rate and Evolvability .....	40
Adult Death Rate .....	41
Protection of Young.....	41
The Cycle of Life.....	41
Mating Rituals .....	43
Mating of the Bighorn.....	44
The Challenge Effect .....	45
Evolutionary Disadvantages of Immortality .....	45
New Adaptive Theories Summarized .....	47
7. Attitudes about Aging .....	47

The Fountain of Youth.....	47
Aging Attitudes Survey.....	47
Popular Attitudes about Aging .....	48
Public Knowledge about Aging.....	49
Anti-Aging Morality and Ethics.....	50
Public Opinions on Anti-Aging Research.....	51
8. Anti-Aging Research .....	52
Evolutionary Biology.....	52
The Indicator Problem .....	53
Aging Mechanisms .....	54
Causes and Effectors.....	54
Biological Control Systems - Hormones .....	55
Theories Make a Difference .....	56
Anti-Aging Quacks and Scams .....	57
Caloric Restriction Mimetics.....	57
Reversibility of Aging.....	58
Budget .....	58
9. Conclusions .....	59
If You Think You Can't, You're Right .....	59
Research Inhibiting Factors.....	59
10. Resources .....	61
Darwin.....	61
Traditional Theories of Aging.....	61
New Adaptive Theories of Aging.....	62
Anti-Aging Research .....	62
Other Resources.....	62
Appendix 1 – Human Mortality Data .....	64
Appendix 2 – Aging Attitudes Survey.....	67
